Why Become a Feng Shui Consultant

Some consultants begin their Feng Shui career using it to supplement an existing income, but there are MANY ways a consultant gets hired that can easily produce a full time career.

Here are just a few:

- help with the building of a house - evaluating a home (apartment to mansion)
- aid in landscaping design - helping an owner sell a home by staging
- improve an office for productivity - aid with health issues of an inhabitant
- raise the energy to attract new opportunities - enhancing a career or a job search
- make a home more comfortable - evaluating homes for buyers
- hired to help with color selections, furniture purchase, and lighting
- do a space clearing - improve creativity or school achievement

ALSO, all consultants do not have to travel.
Some run their business ONLINE completely.

TWO Feng Shui professionals brought their unique talents together and created a powerful school of Feng Shui . A school that gives a student the tools to get clients, enjoy their daily lives, and to succeed in an enjoyable life-style!!

Not all Feng Shui consultants are members of the **International Feng Shui Guild** (we are)
Even fewer are approved as “**Red Ribbon Professionals**” (highest rank of consultant – we are)
Not all schools that train Feng Shui consultants are “**Gold Standard**” (we are)

Our training is more personal and more affordable!

The “**Red Ribbon Professionals**” who created this school, and are your trainers....

Steve Kodad

Lisa Alban

Our school supplies **42 hours** of intensive training for certification!

This school is based on the oldest school of Feng Shui (**FORM**) and the popular western school, **BTB** or “**Black Sect**”. A person becomes certified in **7 weeks** attending a series of live interactive webinars and watching some videos from the comfort of their own home.

** We are offering our next class online beginning on

October 8 and finishing on November 21

We want to make sure you succeed!
