Testimonials from our Students

"I first learned about Steve and Lisa's Feng Shui certification course through the Board of Realtors course. I was so intrigued that I signed up for the certification course and am so glad that I did. *Lisa and Steve are not only very knowledgeable in Feng Shui, they also truly care about their students.* They go above and beyond and I'm so happy I signed up for the course. I look forward to a successful career in Feng Shui and I know it will be an added bonus to my real estate clientele"

Kristine Zelazo

"The energy Lisa and Steve bring into the teachings is amazing, they have a graceful way of communicating and going over the lessons, it makes it very easy to understand and to flow with the knowledge. What attracted me to the school was the experience of both Steve and Lisa, the fact that they worked with Real Estate in general. Since the first week I started with the Feng Shui lessons, I experienced change in my home almost immediately like magic, I couldn't believe it. For example, my husband had been waiting for clients to get back to him about some proposals, within a week he had 5 clients accept his proposals even though they had said they wanted to wait. That was unreal to me, it was as if an abundance faucet opened-up. Towards the end of my certification, I felt anything could happen and there was no limit at all, I feel the goals that I set with the help of Lisa and Steve have created a shift in my confidence and my motivation in achieving unlimited success moving forward. *I recommend Intrinsic School of Feng Shui to anyone that's looking to take their life to a much higher level.* Love you Lisa and Steve. Thank you for all your support and love"

Testimonials from our Students

I have to admit, at first considering both the financial investment, as well as the time involved with work and 3 kids at home was a contemplation, but I am so glad I did, because it has absolutely been worth it. Since the course I have continued as a Realtor, but I have not only started to market myself as a Feng Shui Professional Consultant to stand out, but I FEEL different! I now can look at listings that are having a tough time selling and know why! With confidence now, I can help share with Sellers what to do to make their property stand out so that it will sell quickly. And it is working! I also used Feng Shui principles on my personal home to enhance different areas and have started consulting for friends. I would like to emphasize that Steve and Lisa continue to be a big help, because I have reached out several times already if I have a question. Also, I continue to reference both the "Class Library" as well as all the webinars almost daily. It is so nice to have them at my fingertips. So, to sum it up, *I want to give big thanks and love to Steve and Lisa for a wonderful job done, and the continued support, and for being instrumental in a very positive life change.* Thank you!!

Tricia McIlwain

I signed up for Feng Shui certification through the Intrinsic School of Feng Shui and am so happy I did! *Steve and Lisa are so easy to talk to and work with and they answer every question with easy-to-understand answers.* I think the information they provide is very thorough and I'm confident in my abilities to practice Feng Shui consulting! I definitely recommend ISFS!

Alechia Prime

I recommend this school not only because they are *more than qualified. They make it fun* and visual, which I really like. And it's interactive! Lisa and Steve are very helpful, and they make sure that you understand each lesson.
